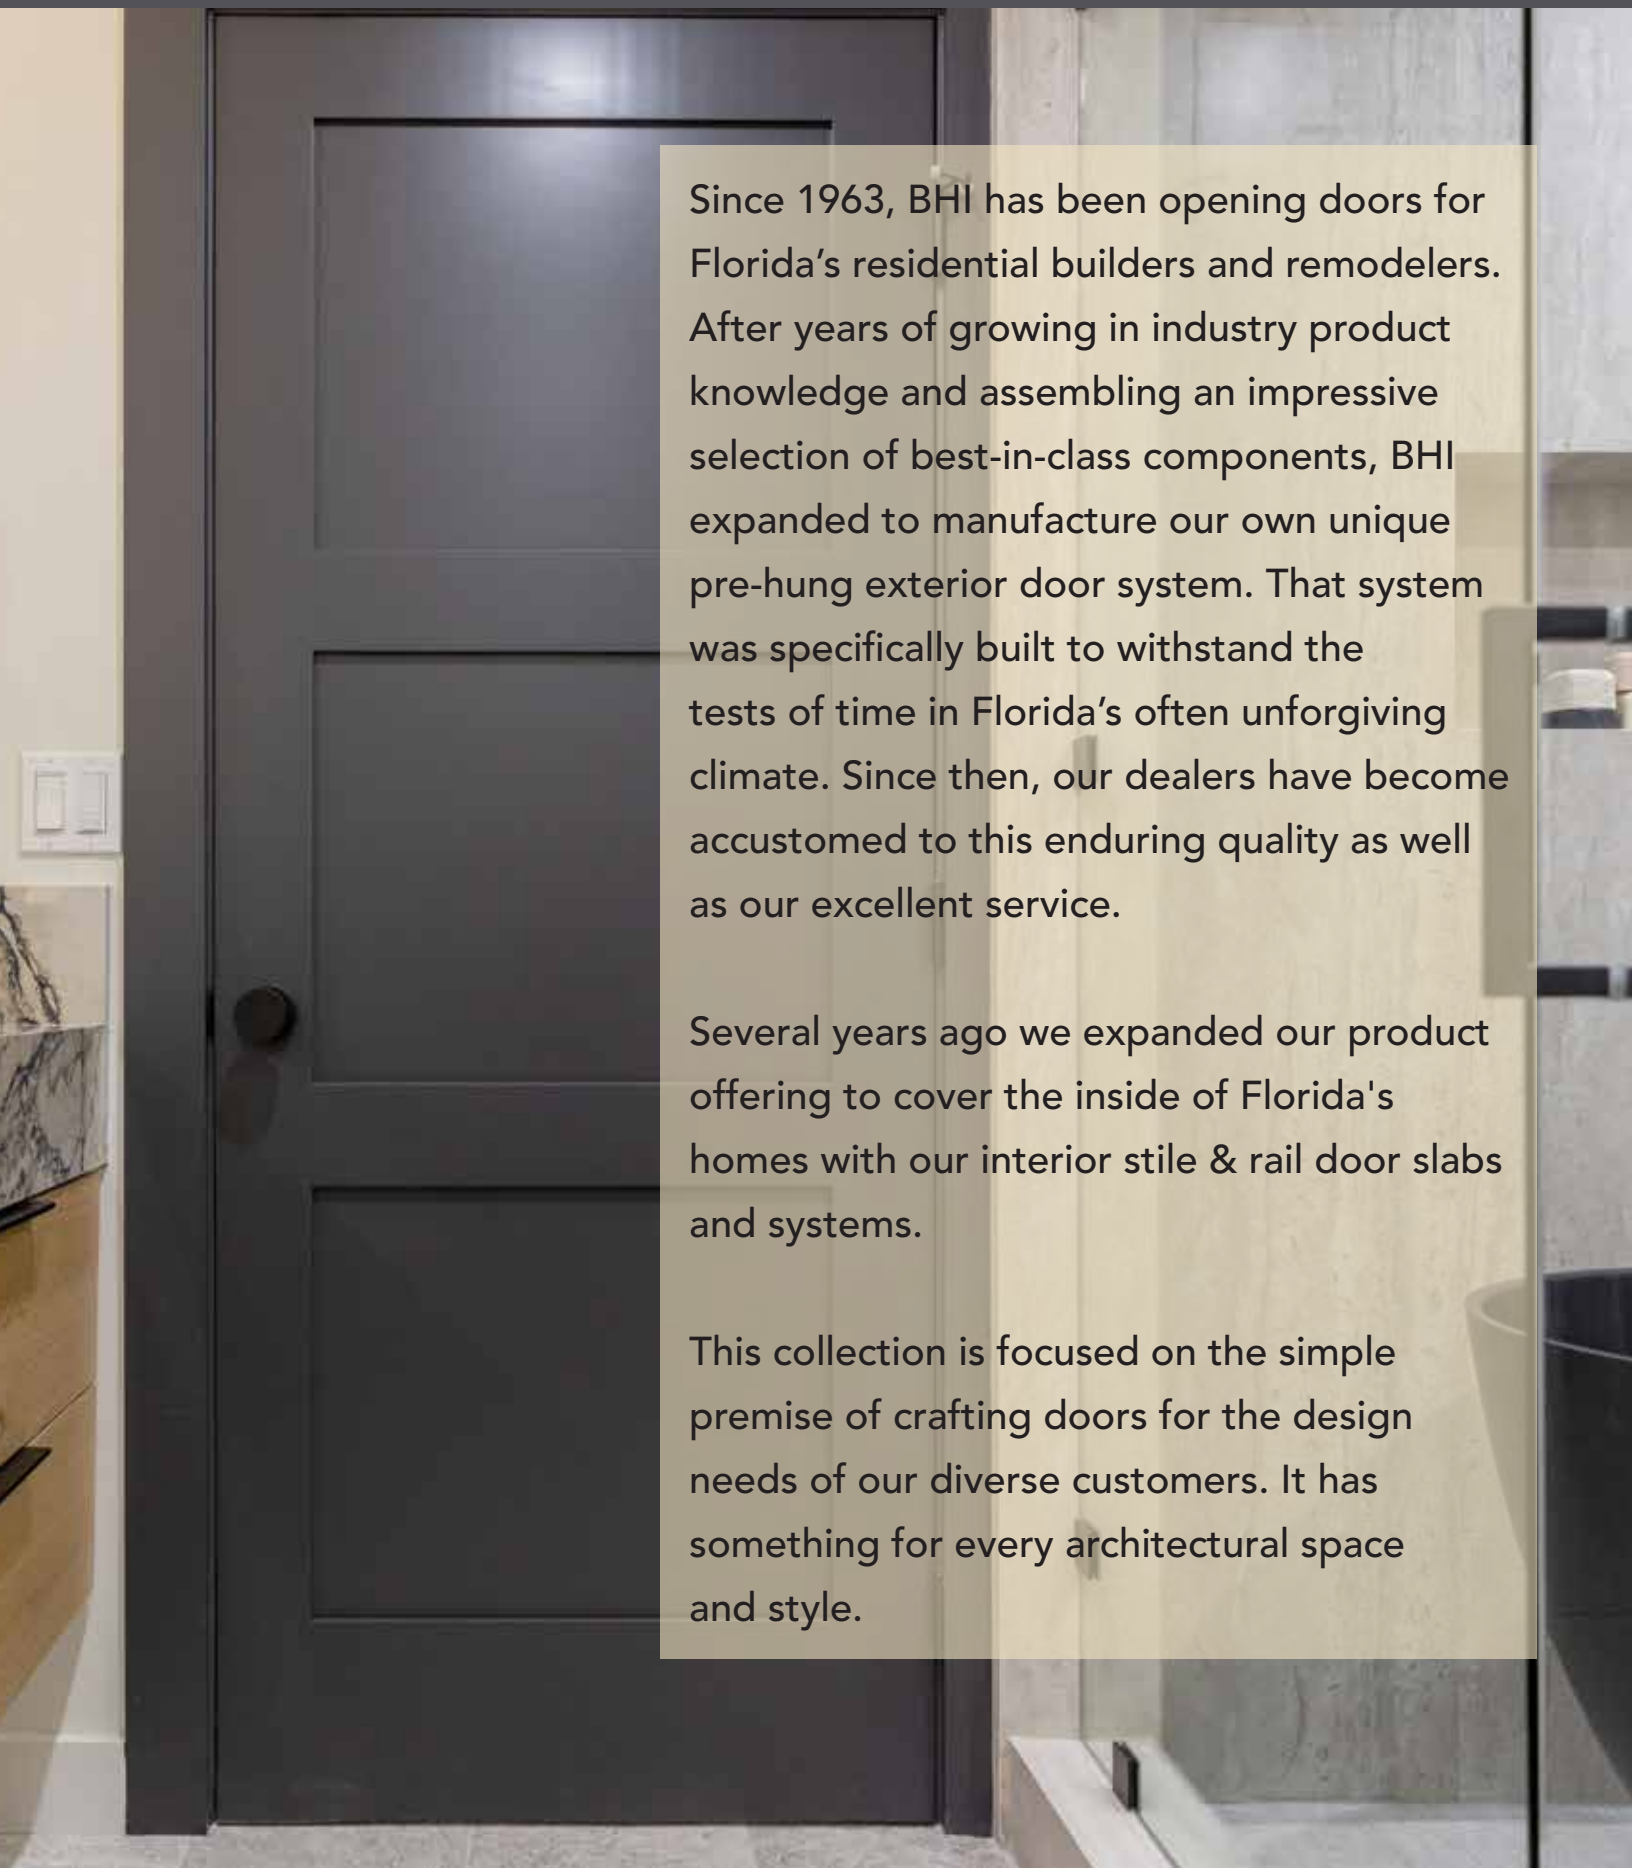
SINCE 1963

2026 INTERIOR COLLECTION

www.bhiflorida.com

OUR STORY



Since 1963, BHI has been opening doors for Florida's residential builders and remodelers. After years of growing in industry product knowledge and assembling an impressive selection of best-in-class components, BHI expanded to manufacture our own unique pre-hung exterior door system. That system was specifically built to withstand the tests of time in Florida's often unforgiving climate. Since then, our dealers have become accustomed to this enduring quality as well as our excellent service.

Several years ago we expanded our product offering to cover the inside of Florida's homes with our interior stile & rail door slabs and systems.

This collection is focused on the simple premise of crafting doors for the design needs of our diverse customers. It has something for every architectural space and style.

INTERIOR DOOR INTRODUCTION

BHI Doors is proud to offer high quality stile and rail interior doors for Florida's builders and re-modelers. These doors are not only built to last, but they are constructed specifically with ease of installation and finishing in mind.

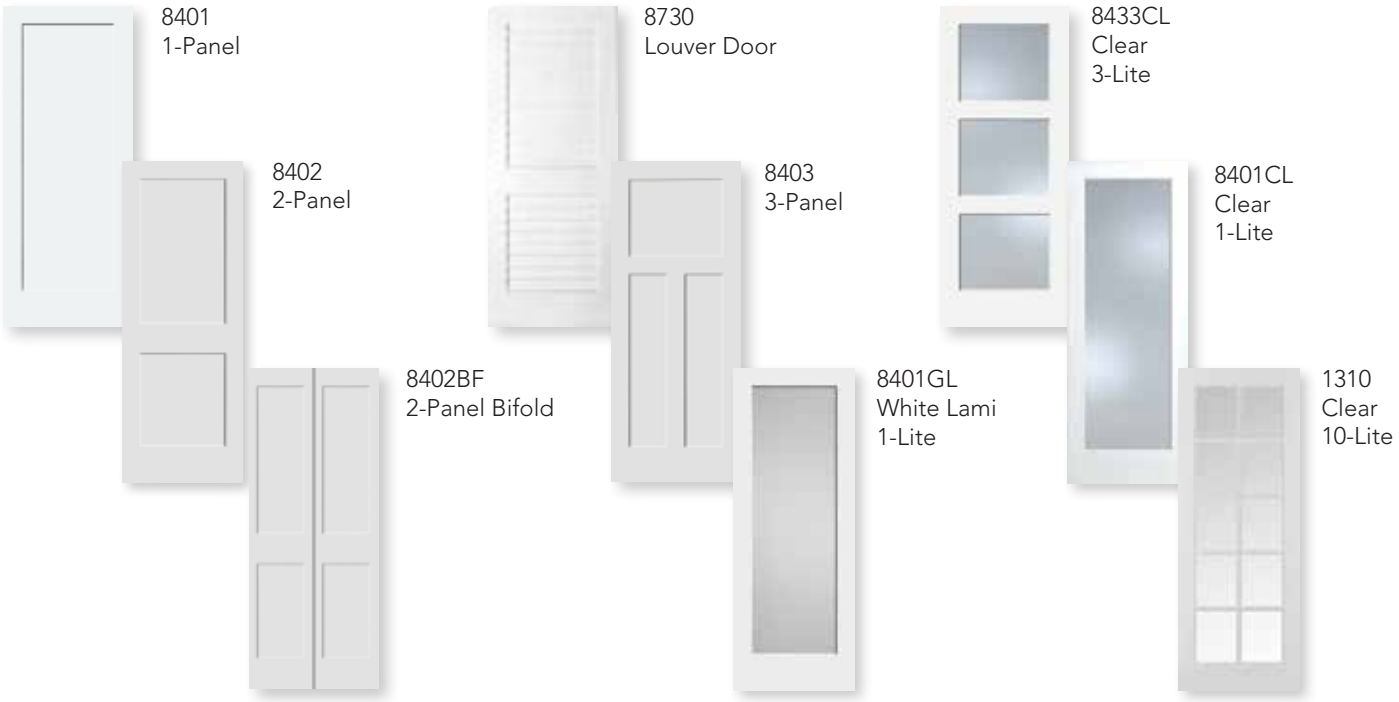
All of our interior doors have a resilient primed coat finish, and the glass areas of our glazed doors are factory built with glass protection film applied.

Our stocking program ensures that we have all the shaker panel, beveled panel, glazed, or louver doors you need, at the time and price you need.

Primed 8401 Shaker

COASTAL

The Coastal home style is relaxing, light, and breezy. Its open design and lighter tones mirror the natural beauty of the shoreline.



CONTEMPORARY

Contemporary homes reflect the architecture and design of today. They represent sharp design and clean curb appeal.

CARIBBEAN

The Caribbean design combines aspects of Mediterranean, Spanish, and many other tropical architectural styles. Rustic textures compliment vivid color schemes in an inspiring mix of old world charm and casual playfulness.

PRIMED PANEL DOOR INTRODUCTION

Get the beautiful interior doors you need for any home aesthetic. Our interior stocking program has many designs and sizes to meet the varying needs and tastes in our market.

Our Ovolo bead door offers traditional styling while our shaker door has a clean-cut, contemporary look. Glazed versions are also available (see pg 22).

Our paneled options also now include a bevel beaded Shaker 45, for a more unique look.

Ovolo Raised Panel

PRIMED GLAZED DOOR INTRODUCTION

BHI Doors offers an array of glazed door options that are sure to compliment your unique architectural style.

Both direct and standard glazed options are available, each with our traditional Ovolo bead or with the more modern, shaker look.

Clear and diffused white laminate privacy glass are stocked for most options.

3'0" x 6'8" 1310 Primed French Door With Clear 10-Lite Glass

PRIVACY GUIDE

BHI Doors offers an extensive line of glass options to choose from and the degree of opacity varies considerably. With each design, we have included a number which represents the "Privacy Level" for that product. Please refer to the guide below. **Note:** This guide is subjective. It should only be used when comparing our glass designs.

PRIVACY 1 2 3 4 5 6 7 8 9 10

Completely Clear
Objects can be clearly seen through the glass from the opposite side.

Diffused/Distorted
Objects are distorted, but can still be detected from the opposite side.

Completely Opaque
Only light will travel through from the opposite side.

Direct Glazed Options:

These come in 6/8 & 8/0 heights at 1-3/8" thickness.

Shaker style comes in clear or diffused white lami while Ovolo style comes only in clear.
